PROFESSIONAL SUMMARY

Results-driven Frontend Developer with experience building user-focused web applications using modern JavaScript frameworks and technologies. Skilled at transforming complex business requirements into intuitive, high-performance user interfaces that improve user engagement and customer experience. Strong understanding of UI/UX principles, component-based architecture, API integration, and performance optimization. Passionate about solving real-world problems through effectively collaborating with cross-functional teams to deliver measurable business impact.

EXPERIENCE

Frontend Developer

May, 2025 - Dec, 2025

ATC AFRICA · Remote

- Responsible for developing, maintaining, and optimizing ATC Africa's main website and event platforms, creating responsive and user-friendly digital experiences that support community engagement and organizational growth.
- Key Impact
 - Improved website responsiveness and cross-device compatibility, ensuring a seamless user experience.
 - Enhanced website performance and usability, contributing to better user engagement.
 - Developed event platforms and landing pages that streamlined event promotion and participant registration.
 - Built reusable frontend components, improving development efficiency and maintainability.
 - Translated business and community requirements into intuitive, accessible, and visually appealing interfaces.

KEY ACHIEVEMENTS

• Show Your Work & Win Recognition | SQI College of ICT

Selected among the institution's top innovators during the Show Your Work & Win program for designing and developing Trackify, a personal finance management platform that helps users track expenses, manage budgets, monitor financial goals, and gain actionable insights into their spending habits.

PERFORMANCE METRICS

Metric	Value	Description
Performance Optimization	95	Improved website speed, responsiveness, and overall user experience.
Code Quality	90	Developed clean, maintainable, and scalable frontend solutions.
Problem Solving	95	Successfully translated business requirements into functional web solutions.
UI/UX Implementation	92	Built intuitive and user-friendly interfaces focused on engagement.
Responsive Design	100	Delivered seamless experiences across mobile, tablet, and desktop devices.
Project Delivery	93	Consistently delivered projects and features within defined timelines.

CORE COMPETENCIES

Frontend Development

Responsive Web Design

Performance Optimization

Debugging

Attention to Details

Cross Browser Compatibility

Git & Version Control

API Integration

State Management

UI/UX Implementation

JavaScript ES6+

Typescript

HTML5 & CSS3

Tailwind CSS

Firebase Integration

TOOLS & TECHNOLOGIES

Git & GitHub	Vercel	Postman	Firebase	Visual Studio Code	Chrome Dev Tools
Figma	Canva	npm	Windows		

INDUSTRY EXPERIENCE

Technology Education	1+
Developed and maintained web platforms that support technology learning, community engagement, and digital initiatives.	
Financial Technology	1+
Experience Built Trackify, a personal finance management platform featuring expense tracking, budgeting, financial reporting, and goal management.	

Software Development

2+

Designed and developed responsive web applications, focusing on performance, usability, scalability, and user experience.

Community & Nonprofit Organizations

1+

Contributed to digital solutions that support community growth, technology programs, and organizational outreach.

EDUCATION

UOPeople

2026 - Present

Bsc. Computer Science

Currently pursuing a Bachelor's degree in Computer Science, building a strong foundation in software development, programming, computer systems, data structures, algorithms, and problem-solving. Applying academic knowledge to real-world projects while expanding expertise in modern web technologies and software engineering principles.

SQI COLLEGE OF ICT

2024 - 2025

Professional Diploma Software Engineering

Completed comprehensive training in Software Engineering, gaining hands-on experience in web development, software design, database management, version control, and problem-solving. Developed real-world projects using modern technologies and collaborated on practical solutions that strengthened technical, analytical, and product development skills.

AL-IKHLAS BINIYYAH

2013 - 2023

SSCE

PROFESSIONAL DEVELOPMENT

Soft Skills — Mastercard, Propel & JobberMan, 2025

Completed professional employability and workplace readiness training focused on communication, teamwork, leadership, emotional intelligence, problem-solving, adaptability, time management, professionalism, and career development. Strengthened interpersonal and workplace effectiveness skills required for collaboration, productivity, and success in modern work environments.
